IRISH BAND

I can't say enough! My family had an amazing time and Richard was fantastic. We went for some Irish music mixed in with Christmas music. He and his fellow musician were great at getting the crowd involved and just making a wonderful atmosphere. I've been asked by family if he'd come back again and we hope so!

BLUEGRASS MUSIC

We could not have been happier. The performance was all that and more. He and his partner were not only professional but true gentlemen. We received so many compliments on their performance. My knew husband, who is a true bluegrass fan, said the next day to me that they made the wedding. It was one of the best decisions I ever made in hiring Richard Stillman to be part of my wedding day. Bravo !!!

COUNTRY MUSIC- HOE DOWN

We had a western-themed BBQ and Richard arrived dressed in western attire. He sang some country songs and had a great voice. He then taught 16-20 of us (some as young as 5) a square dance. He did some rope tricks to the kids and each child was given a stiff lasso to try. I could not have asked for a greater all-around entertainer than Richard. He was amazing! All of our guests were raving about him afterwards.

ITALIAN MUSIC

Richard made one of the hottest days of this summer even hotter! My backyard BBQ was a hit especially because of this great entertainer....Just what this bunch of sixty-something Italians needed and enjoyed immensely! The man is certainly a MUSIC MAN and can play anything....mandolin, guitar, etc...My children all danced for hours and still can't stop talking about him. The classic Italian hits he sang had everyone swaying to the music and singing along...great guy to add to any party!!! Thanks Richard!!!!

DIXIELAND BAND

Richard Stillman and his players were OUTSTANDING! Everyone at the party commented on how wonderful the band was. This was a very special party for our family, because it was a memorial for my mother who recently passed away, and we chose to honor her happy spirit with a happy send-off. And Richard Stillman was the PERFECT choice to lift people's spirits and keep things upbeat. His voice is beautiful and the playing truly was exceptional. My 82 year old aunt has been a professional musician all of her adult life, and she can be extremely critical of other performers, but she RAVED about Richard Stillman's combo! And that is saying a LOT!

COUNTRY BAND

It isn't often that you hold a Country Western Hoe-Down in North New Jersey. I was a little nervous, but Richard Stillman put on a great show. Before the night was even over I had people celebrating Stillman's work. He knows just how to and when to engage the audience. Richard and his band member Paul did a great job. They made it easy to have fun.

IRISH MUSIC

AMAZING! Mr. Stillman sang beautifully, played a host of instruments, taught my nieces how to step dance, told stories and jokes from Ireland all in one fun-filled hour! He is a fine musician and very gracious and accommodating as well. I thoroughly recommend him.
